Victorian Child Safe Standards eLearning module (LMS SCORM purchase)

Overview

The Child Safe Standards require organisations involving children to have policies, procedures and practices to keep them safe. Organisations that provide services or facilities for children must implement Child Safe Standards to protect them from abuse.

This interactive eLearn module created by the Centre for Excellence in Child and Family Welfare will take participants through each of the eleven Standards currently in place and will help individuals and organisations understand what measures they can take to be compliant with the Child Safe Standards.

Key features:

Understand all 11 Child Safe Standards and the role of the Commission for Children and Young People (CCYP)

- Checklists to help individuals and organisations implement each standard.
- Interactive activities and videos
- Further reading and key resources
- Quizzes to test your knowledge

Duration: Approximately 1 hour

The eLearn can be hosted on your organisation's LMS via a SCORM download. To find out more about this option, please contact training@cfecfw.asn.au.
